

Key Indicator – 4.2 Library as a learning Resource

4.2.1 Library is automated using Integrated Library Management System (ILMS)

Library Automation Details:

- Name of ILMS Software: Library Easy
- Nature of Automation: Fully Automated
- Version: Library Easy 21.11
- Year of Automation: 2023

The library has fully automated its operations using the **Library Easy Integrated Library Management System (ILMS)**. This system supports cataloging, circulation, acquisitions, and user management. It also provides access to digital resources and enhances the overall efficiency of library services. The automation facilitates easy tracking of books, journal subscriptions, and other resources, making it more accessible for students and faculty. The **Library Easy** version used is **21.11**, which offers modern features like self-checkout, OPAC (Online Public Access Catalog), and real-time reports for better resource management.
