REPORT

Commerce Department Organizes Experiential Learning Visit to Imagica Amusement Park

Location: Imagica Amusement Park

The Department of Commerce at Foresight College of Commerce, orchestrated an insightful experiential learning visit to Imagica Amusement Park on March 7th, 2024. The excursion, aimed at providing students with practical insights into various aspects of commerce and management, witnessed enthusiastic participation from 60 eager students.

The initiative, spearheaded by the department faculty, sought to bridge the gap between theoretical knowledge and real-world applications by immersing students in an environment conducive to experiential learning.

Upon arrival, the students were greeted with an air of anticipation and excitement as they embarked on a journey that promised to blend thrill with learning. Divided into

groups, they navigated through the park, exploring its diverse attractions, each offering valuable lessons in commerce and management.

From analyzing the marketing strategies behind popular rides to understanding the intricacies of operational management required to ensure seamless visitor experiences, students actively engaged with their surroundings, extracting valuable insights at every turn.

One of the highlights of the visit was a specially curated session conducted by park management, shedding light on the behind-the-scenes operations of running a successful amusement park. Students gained firsthand knowledge about revenue generation, customer satisfaction, and the strategic decision-making processes involved in managing a large-scale entertainment venture.

Additionally, interactive workshops and discussions facilitated by faculty members encouraged students to critically evaluate their observations and relate them to the theoretical concepts learned in the classroom.

As the day drew to a close, students reflected on their experiences, acknowledging the invaluable lessons gained from the visit. The trip not only provided a refreshing break from traditional classroom learning but also instilled a deeper understanding of commerce principles in a real-world context.

Dr. N.B. Shaikh, Principal, expressed his satisfaction with the outcome of the visit, emphasizing the importance of experiential learning in shaping well-rounded commerce professionals. He applauded the students for their active participation and encouraged them to apply the knowledge gained to their academic pursuits and future endeavors.

The experiential learning visit to Inzega Amusement Park stands as a testament to the Department of Commerce's commitment to providing holistic education that extends beyond textbooks, preparing students to thrive in dynamic business environments.

Amidst an atmosphere resonating with enthusiasm and nostalgia, the college's corridors echoed with laughter and camaraderie as participants adorned themselves in traditional attire representing the rich tapestry of cultures from across the globe.

The day commenced with a ceremonial lighting of lamps, symbolizing the enlightenment that education brings. This was followed by a series of captivating cultural performances showcasing the diverse heritage of the college community. From mesmerizing dance routines to soulful musical

renditions, every performance transported the audience on a journey through time and tradition.

One of the highlights of the event was the traditional food fest, where culinary delights from various cultures tantalized taste buds and fostered a spirit of culinary appreciation and exchange.

Shaikh, Principal of Foresight College of Commerce, expressed his delight at the overwhelming response to the event, stating, "Traditional Day is not just an event; it's a celebration of our roots, our identity, and our unity as a community. It's heartening to see our students embrace diversity and celebrate it with such fervor."

Students, too, echoed similar sentiments, emphasizing the importance of such events in fostering a sense of belonging and mutual respect. "Events like these remind us of the beauty of diversity and the strength it brings to our community. It's a day where we can all come together, irrespective of our backgrounds, and celebrate what makes us unique," remarked Faizan Shaikh, a first-year student.

As the sun set on Foresight College of Commerce's Traditional Day celebrations, it left behind memories of joy, camaraderie, and cultural enrichment. Sub: All Quality Education and AQI Awareness Programme for Schools and Colleges in Pune

Dear Madam/Sir,

As you may know, Centre for Environment Education (CEE) was established in 1986 as a Centre of Excellence of the Ministry of Environment and Forests, Government of India. As a national institute, CEE's mandate is to promote environmental awareness nationwide. CEE develops innovative programmes and educational material and builds capacity in the field of Education for Sustainable Development (ESD).

CEE in collaboration with Pune Municipality Corporation, India Institute of Tropical Meteorology Pune, National Resources Defense Council (NRDC), and Ashoka Foundation Pune has developed the air quality education and AQI awareness programme for schools and colleges in Pune. The programme aims to raise awareness about Air Quality Index (AQI) and educate school and college students about air quality management linking it with the curriculum.

In order to reach out to children and youth, CEE has prepared an air quality education kit including AQI flags, posters and EE activities for school and college students. The environmental educators are trained to orient teachers and conduct interactive sessions with students.

Through this programme, CEE is reaching out to 250 schools and 50 colleges in Pune to undertake following activities:

1. Enrol schools and colleges for air quality education and AQI awareness programme;
2. Orient teachers, demonstrate, and install AQI apps (Swasth/Safar air);
3. Provide AQ education kit including AQI posters and flags, set up air quality wall;
4. Conduct EE activity and games with students; and
5. Give information about online session for teachers on air quality education.

In this regard, we request for your permission to conducting an entrance of 1-2 teacher(s) nominated by you and an education session with students of one of the classes or Eco Club members of your institution. We would also like to have your feedback and information collected by the educators.

We thank you for your support and time and looking forward for future association with your esteemed institution on the topics of EE and ESD.

Yours sincerely,

Dr. Sanjibha Meroni
Senior Programme Director

The program aimed to educate participants about the various facets of air quality, its impact on health and the environment, and measures to mitigate pollution.

Under the guidance of expert environmentalists and educators, attendees were enlightened about the significance of monitoring AQI levels and adopting sustainable practices to improve air quality. Additionally, the program emphasized the role of community engagement and collective action in combating air pollution.

Notably, the collaborative effort between Forenight College of Commerce, Centre for Environment Education Central Regional Cell, and PMR underscored the importance of interdisciplinary cooperation in addressing environmental challenges. By fostering awareness and empowering individuals with knowledge, the initiative strives to foster a culture of environmental stewardship and promote sustainable living practices within the community.

The success of the Air Quality Education and AQI Awareness Program highlights the pivotal role that educational institutions and civic organizations can play in driving positive change for a healthier and more sustainable future. As stakeholders continue to advocate for cleaner air and environmental conservation, initiatives like these serve as crucial stepping stones towards achieving tangible progress in safeguarding our planet's well-being.

REPORT

Foresight College of Commerce NSS Volunteers Shine on Teachers' Day with Tree Plantation Drive

NSS Volunteers Step into the Shoes of Teachers and Promote Green Initiatives

In a heartwarming tribute to their mentors on Teachers' Day, the National Service Scheme (NSS) volunteers of Foresight College of Commerce went beyond the classroom to organize a tree plantation drive. This unique initiative saw students temporarily don the role of teachers, imparting knowledge about environmental conservation and sustainability.

As the sun dawned on Teachers' Day, the college campus was buzzing with enthusiasm as NSS volunteers, under the guidance of the NSS Program Officer, embarked on their green mission. The volunteers had meticulously planned the tree plantation drive as a gesture of gratitude to their teachers and as a means to contribute positively to the environment.

The NSS volunteers, armed with saplings and gardening tools, transformed into 'eco-teachers' for the day, educating their fellow students about the importance of trees in maintaining ecological balance, mitigating climate change, and enhancing the overall quality of life. The sessions were not only informative but also interactive, fostering a sense of responsibility towards the environment.

The tree plantation drive was executed with precision, and several species of native trees were carefully planted across the college campus. The students took pride in taking care of their newly planted green companions, understanding that nurturing these trees would be a continuous responsibility.

Mr. Faizan Shaikh, the NSS Program Officer representative, commended the enthusiasm and commitment of the NSS volunteers, stating, "Teachers' Day is not just about honoring our mentors; it's also about imbibing their values and teachings. Our NSS volunteers have done a fantastic job by actively participating in this tree plantation drive. They have not only

monstrated their love for nature but also their readiness to take on responsibilities that go beyond the classroom."

The initiative received accolades from both students and faculty, with many expressing their appreciation for the NSS volunteers' dedication to environmental conservation. Several students also pledged to take part in future initiatives aimed at making the college campus greener and more sustainable.

Foresight College of Commerce has set a remarkable example of how Teachers' Day can be celebrated not only by paying homage to educators but also by embodying the principles they instill in their students. This tree plantation drive will undoubtedly leave a lasting impact on the college community, nurturing a culture of environmental awareness and responsibility.

In a world where environmental issues continue to be a pressing concern, Foresight College of Commerce and its NSS volunteers have shown that education is not confined to textbooks and classrooms but extends to the environment, society, and the world at large.

Report

IQAC & Placement Cell in Collaboration with LightHouse Community's Foundation conducted a 12 days soft skill programme.

Foresight College of Commerce in collaboration with LightHouse Community Foundation conducted a 12 days Soft Skills Programme for the students of BBA / BBA-CA / BCOM and BBA-IB in college campus.

It is a very popular term nowadays, used to indicate personal transversal competences such as social aptitudes, language and communication capability, friendliness and ability of working in a team and other personality traits that characterize relationships

between people. Soft Skills are traditionally considered complementary to Hard Skills, which are the abilities to perform a certain type of task or activity. Soft Skills are strategic to be successful in personal and professional life and are essential for the students when they try to obtain any kind of job.

Enterprises generally hire new employees, in particular recent graduates, taking more in consideration their Soft Skills than their Hard Skills. This happens also for technical professions, because the company, in order to be competitive, needs to create good and effective teams and a collaborative working atmosphere. The departments of the college have organized various types of activities to develop the soft skills of the students enrolled with the institution. These activities of the departments and platforms available helped the learners to learn and acquire soft skills like Communication Skills, Presentation Skills, Written Communication, Interpersonal Skills, Creativity and Leadership etc. In order to improve the communicative abilities of the students they want to Communicate More Effectively. Use Intentional Techniques to Build Stronger Relationships—Personal and Professional. ...The College Magazine to enhance the written communication of the students play a significant role. The students are given in depth lessons by organizing workshops, state level elocation competition, interfaculty debates and group discussions and expert talks of the quality speakers and the trainers throughout the academic year. These activities benefit the students to enhance the knowledge of use of language and its spoken aspect. It helped the students for their development of communication skills. To improve the Presentation Skills the departments conducted seminars for the students. The students get to participate and perform an active role in the Seminars. Topics are given to them to prepare and present to assess their performance. Every year the departments make the organization of such seminars a regular feature of the campus. The IQAC department conducts this kind of programme which helps the

students to learn the presentation skills and enhances the creative capabilities among them. The Group Discussion is the routine practice of the campus may it be the part of the curriculum or not. They learn the art of argument which helps them in practical life ahead and thus develop interpersonal skills among themselves.
